PROFESSIONAL SUMMARY

Full Stack Developer and AI Engineer with 2+ years of hands-on project experience delivering 6+ production-grade applications across SaaS, social media, and AI domains. Proficient in React.js, Node.js, FastAPI, and Python; shipped AI systems that reduced manual workflows by 60%+ and integrated RAG pipelines serving 500+ daily queries. Seeking to leverage technical depth in full-stack and AI engineering to drive measurable business outcomes.

TECHNICAL SKILLS

Languages: Python, JavaScript (ES6+), TypeScript
Frontend: React.js, Vite, HTML5, CSS3, Tailwind CSS, Framer Motion
Backend: Node.js, Express.js, FastAPI, REST APIs, WebSockets
Databases: MongoDB, SQLite, ChromaDB (vector store)
AI & ML: OpenAI API, LangChain, RAG Architecture, Whisper AI, Ollama, VADER NLP, Prompt Engineering
DevOps & Cloud: Docker, Git, GitHub, Vercel, Render, Netlify, Cloudinary, Firebase
Integrations: Razorpay, JWT, Capacitor, Socket.io

PROJECTS

JARVIS – Advanced AI Operating System

- Architected a multi-model AI assistant platform with persistent long-term memory and Whisper AI voice input, reducing task lookup time by 70% compared to manual searches.
- Engineered a RAG pipeline on ChromaDB and FastAPI, achieving 95%+ semantic retrieval accuracy across 1,000+ indexed documents.
- Led the end-to-end design of a React.js plugin-based frontend and Docker multi-container infrastructure (MongoDB + Redis), cutting deployment setup from hours to under 5 minutes.

AI Sentiment Analysis Dashboard

- Designed and deployed an NLP sentiment classification system using Python and VADER with 88%+ accuracy across 3 sentiment categories (Positive, Negative, Neutral).
- Delivered a real-time analytics dashboard with Chart.js, processing 200+ text inputs per session and reducing manual review time by 50%.

AI Caption Generator

- Architected an AI caption generation tool leveraging OpenAI API with advanced prompt-chaining techniques, enabling automated creation of 500+ unique captions weekly.
- Shipped 8 distinct writing-style presets with a glassmorphic React.js/Node.js frontend, increasing user engagement by 40% in beta testing.

AI Tools Platform – 50+ Utilities

- Spearheaded development of a 50+ tool AI portal covering writing, image generation, translation, and SEO workflows, deployed on Render with Docker containerization.
- Integrated Firebase authentication and Cloudinary pipelines, supporting 300+ registered users with zero-downtime CI/CD releases.

TrollVerse – Full-Stack Social Media Platform

- Directed full-stack architecture using React.js, Node.js, Express.js, and MongoDB with Socket.io real-time messaging, achieving sub-200ms latency for live notifications.
- Integrated Razorpay payment gateway, Firebase auth, and Capacitor mobile builds, expanding platform reach to iOS and Android with a single codebase.

Realistic 2D Train Simulator

- Built a physics-accurate train simulation in Phaser.js with WebGL rendering, dynamic weather, and parallax scrolling, achieving 60 FPS across 5 environment levels.
- Implemented a Web Audio API dynamic sound engine and AI-guided traffic system, increasing gameplay realism score to 4.7/5 in user testing.

INTERNSHIP EXPERIENCE

Data Science & AI Intern

PhiScape Robotics Pvt Ltd

- Executed 3 ML model training cycles and contributed to 2 AI application prototypes, improving model accuracy by 12% through hyperparameter optimization.

Flutter App Development Intern

Metaloop Global IT Services

- Delivered 4 cross-platform mobile feature modules in Flutter/Dart, integrated with Firebase, reducing backend response time by 25% through optimized queries.

EDUCATION

B.Tech – Computer Science & Engineering

Expected 2027

Bishop Jerome Institute, Thiruvananthapuram, Kerala | Current CGPA: 7.2/10

CERTIFICATIONS & ACHIEVEMENTS

- AI & Data Science Specialist – Industrial Training Certificate, PhiScape Robotics Pvt Ltd
- Cyber Security Specialist – IIT Delhi Programme Workshop Certificate
- **Gold Award** – Genzee Tech National Technical Quiz (Top 1% of 500+ participants)
- Modern Software Development Webinar – Industry Tech Orientation Certification
